

FIND THE COMMON THREADS

Facilitation and Collaborative Problem Solving

How do we find common ground?

Challenging problems require different perspectives, inter-disciplinary knowledge, and collaboration.

Gain the confidence to lead collaborative processes and facilitate powerful outcomes through this 9-hour course.

REGISTER FOR AN UPCOMING SESSION

Learn how to:

- ✓ **Lead with Facilitation Excellence:** Master techniques that inspire trust, participation, and meaningful contribution.
- ✓ **Design Collaborative Frameworks:** Learn to structure effective problem-solving processes that embrace different viewpoints and knowledge.
- ✓ **Transform Team Conflict:** Develop skills to redirect tension into creative opportunities and achieve alignment.
- ✓ **Guide Collective Decision-Making:** Practice methods for synthesizing input and guiding groups toward consensus.
- ✓ **Build Collaborative Leadership:** Enhance your ability to navigate complex interpersonal dynamics while maintaining momentum.
